

Supplier model (SKU):

PRG-4946

Local storage	
Data collect in internal memory (Yes/No)	Yes
Type of data collected in internal memory	CSV, String, key-value, Json
Data file format stored in internal memory	RAW DATA, XML, db
How often is the data collected (Frequency)	Based on user behavior
What is the the devices storage capacity	Based on user behavior, no more than 1 megabyte
How much data is typically generated per day	Based on user behavior
How long is data stored by default	If the user does not delete it, the local storage will keep it

APP storage	
Data collect stored in APP (Yes/No)	Yes
Type of data collected in APP	CSV, String, key-value, Json
Data file format stored in APP	RAW DATA, XML, db
How often is the data collected (Frequency)	Based on user behavior
How much data is typically generated per day	Based on user behavior
How long is data stored by default	Until factory reset, system upgrade, app exit, or until user deletion (varies by data type).

Server storage	
Data collect stored in server (Yes/No)	No
Type of data collected in server	N/A
Data file format stored in server	N/A
How often is the data collected (Frequency)	N/A
How much data is typically generated per day	N/A
How long is data stored by default	N/A

Real-time	
Can the product generate data continuously and in real time	Yes

User access	
How can the user access their own data free of charge	Users can view certain data via the on-screen interface (e.g., Settings > Device, Settings > Accounts, UI/History page).
How can the user obtain a copy of the data	N/A
How can the user request deletion of the data	- Manual Deletion: Users can delete usage history directly from the UI. - Factory Reset / System Upgrade: This will erase most locally stored data.

Technical access	
What technical solutions exist for access (e.g., app, portal, API)	APP
What are the conditions for use (e.g., login, license, terms of service)	Users have the right to access, rectify, erase, restrict processing, port, and object to processing under GDPR and the EU Data Act.
Rights and ownership: Are any of the data collected protected as trade secrets or by intellectual property rights? If yes, who is the holder (name and address)	Data handling is governed by the EU Data Act and GDPR. Security measures include TLS 1.2+ encryption for transmission and encryption at rest.

Restrictions	
Are there situations where access to data can be denied (e.g., due to EU or national legislation)?	No
