### Safety information

Please read the safety instructions carefully before using the product for the first time and keep the instructions for future reference.

1. This product is not a toy. Keep it out of reach of children.
2. Warning: This product includes lithium polymer batteries.
3. Keep product out of the reach of children and pets to avoid chewing and swallowing.
4. Product operating and storage temperature is from 0 degree Celsius to 40 degree Celsius. Under and over this temperature might affect the function.
5. Never open the product. Touching the inside electric parts can cause electric shock. Repairs or service should only be performed by qualified personnel.
6. Do not expose to heat, water, moisture, direct sunlight!
7. Please remove the earphones in case of any leakage or excessive heat from the product to avoid burns or rash.
8. Please protect your ears against loud volume. Loud volume can damage your ears.
9. Bluetooth wireless technology operates within a range of about 10 m (30 feet). The maximum communication distance may vary depending on the presence of obstacles (people, metal objects, walls, etc.) or the electromagnetic environment.
10. Microwaves emitting from a Bluetooth device may affect the operation of electronic medical devices.
11. The unit is not waterproof. If water or foreign objects enter the unit, it may result in fire or electric shock. If water or a foreign object enters the unit, stop use immediately.

### Usage Instructions

#### 1. Pairing the earbuds with your smartphone

**Step 1.** The earbuds would turn on once they are taken out from the charging case, or long press the control button of both earbuds to turn on the earbuds, with voice prompt of 'Power on'.

**Step 2.** RED and BLUE LED would start blinking on both the earbuds. Both of the earbuds would automatically pair with each other within 5 secs.

Once they are paired with each other, one of the earbuds would show a RED and BLUE LED blinking alternatively, which means they are ready to pair with your smartphone.

**Step 3.** Now switch on Bluetooth in your smartphone to search for nearby devices and pair with the name 'TWE-39' with voice prompt 'Connected' after the pairing succeed.

Enter '0000' if prompted for password.

The earbuds would re-connect with smartphone automatically after pairing.

#### Notes:

The L or R earbud can be used alone to pair with your smartphone, and thus only mono sound is available.

ALL RIGHTS RESERVED, COPYRIGHT DENVER A/S

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste materials (discarded electric and electronic equipment and batteries) are not handled correctly.

Electric and electronic equipment and batteries are marked with the crossed out trash can symbol, as below. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, DENVER A/S declares that the radio equipment type DENVER TWE-39 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: Please enter: [denver.eu](http://denver.eu) and then click the search ICON on topline of website. Write model number: **TWE-39**. Now enter product page, and red directive is found under downloads/other downloads.  
Operating Frequency Range: 2402MHz - 2480MHz  
Max Output Power: 4 dbm
