Safety information

Please read the safety instructions carefully before using the product for the first time and keep the instructions for future reference.

1. This product is not a toy. Keep it out of reach of children.
2. Warning: This product includes lithium polymer batteries.
3. Keep product out of the reach of children and pets to avoid chewing and swallowing.
4. Product operating and storage temperature is from 0 degree Celsius to 40 degree Celsius. Under and over this temperature might affect the function.
5. Never open the product. Touching the inside electrics can cause electric shock. Repairs or service should only be performed by qualified personnel.
6. Do not expose to heat, water, moisture, direct sunlight!
7. Please protect your ears against loud volume. Loud volume can damage your ears and risk in hearing loss.
8. Bluetooth wireless technology operates within a range of about 10 m (30 feet). The maximum communication distance may vary depending on the presence of obstacles (people, metal objects, walls, etc.) or the electromagnetic environment.
9. Microwaves emitting from a Bluetooth device may affect the operation of electronic medical devices.
10. The unit is not waterproof. If water or foreign objects enter the unit, it may result in fire or electric shock. If water or a foreign object enters the unit, stop use immediately.
11. Only charge with supplied USB cable.
12. Do not use non-original accessories together with the product as this can make the product functionality abnormal.

Remote control

Instructions

1. Remote control should be available within 6 meters and 60 degree.
2. Remote control should be operated straight to the LED Remote transducer area. No obstacle should be placed between the remote control and the unit.
3. Remote control might be unavailable under strong light, In this case, remote control should be removed from the strong light.

CHARGING THE SPEAKER

Charge the unit fully before using it for the first time.

1. Connect the adaptor cable to the DC 5V port on the unit and the adaptor plug to a suitable mains socket (see Technical Specifications for details).
 2. The red Charging Indicator turns on when the unit is charging and turns off when it is fully charged. Remove the charging cable promptly. Do not overcharge.
- Charging time: Around 6-7 hours.

RECORDING TO A USB/MicroSD card MEMORY DEVICE Note:

Only microphone audio can be recorded.

1. Connect a USB/MicroSD card memory device to the appropriate port.
2. Press and hold REC button to start recording; press and hold REC button again to stop recording.
3. Short press REC button to start playing the recorded audio.

TRUE WIRELESS STEREO (TWS) MODE

(Optional, requires two speakers)

If you have two speakers (model: BPS-170), you can use them together for a more immersive audio experience.

1. Place the two speakers in the same room and turn them on.
2. If the speakers are not in Bluetooth mode, short press the Mode Button to switch to Bluetooth mode (do not connect to any device at this stage).
3. Press and hold the Play/Pause/TWS button on one speaker to enter TWS pairing mode. The two speakers will pair to each other with an audio alert.
4. Turn on your Bluetooth device like a smartphone and connect to "BPS-170".
5. Once connected, you can play Bluetooth audio from your source device on the speakers wirelessly, in stereo.

BLUETOOTH CONNECTION

- Place the speaker close to (within 10 metres of) your Bluetooth enabled device.
- If not in Bluetooth mode, press Mode Button repeatedly to switch to Bluetooth mode.
- Enable Bluetooth function on your Bluetooth-enabled smartphone, tablet or media player. Navigate to the Bluetooth setting menu and search for new devices. The Bluetooth name for this speaker is "BPS-170".
- Once connected, you can short press Previous or Next Button to play the previous or next song.

Specifications:

Power: 40W

Frequency Response

for main speaker: 45Hz-20KHz

Power Supply: DC 5V

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

ALL RIGHTS RESERVED, COPYRIGHT DENVER A/S

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, Denver A/S declares that the radio equipment type BPS-170 is in compliance with Directive 2014/53/EU. The full text of the RED declaration of conformity is available at the following internet address: denver.eu and then click the search ICON on topline of website. Write model number: BPS-170. Now enter product page, and RED directive is found under downloads/other downloads.

Information on standby/off mode power consumption and power management for products compliant with Commission Regulation (EU) 2023/826 can be found at the following internet address: denver.eu and then click the search ICON on topline of website. Write model number: BPS-170 and enter the page.

Max audio output power: 400W(40W RMS)
Bluetooth operating frequency range: 2402MHz-2480MHz
Operating frequency range: 20Hz-20KHz
Max RF output power: 2 dBm

Warning!

- Lithium battery inside!
- Do not try to open the product!
- Do not expose to heat, water, moisture or direct sunlight!
- Only charge with the original charger supplied with this product!
