## **PACKAGING CONTENTS**

- \* 1x main unit
- \* 1x User Manual
- \* 1x Remote Control
- \* 1x Charging Adapter
- \* 1x Wired Microphone

## **SPECIFICATION**

- \* Bluetooth Version: 5.0
- \* Battery Capacity: 7.4 V 1800 mAh lithium Battery
- \* Battery Type: Lithium Battery
- \* Power Supply: DC 9 V/1.5 A input
- \* Speaker Output Power: 20W
- \* Impedance: 4 ohm
- \* Frequency Response: 40 Hz-20 KHz

## **Adaptor Information**

Manufacturer's name or trade mark, commercial registration number and address:

Dong Guan JFEC Electronic Technical Product Inc.

9144190069476483X1

No. 18. Minye Street. No. 178 Industrial Zone. Tangxia Town. Dongguan City. Guangdong Province. P. R. China

Model identifier: JF012WR-0900130VH

Input voltage: 100 – 240 VAC

Input AC frequency: 50/60 HZ

Output voltage: 9 V

Output current: 1.3 A

Output power: 11.7 W

Average active efficiency: 82.83%

Efficiency at low load (10%): 75%

No-load power consumption: <0.1 W

Please notice-All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

Electric and electronic equipment contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment) is not handled correctly.

Electric and electronic equipment is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment should not be disposed of with other household waste, but should be disposed of separately.

All cities have established collection points, where electric and electronic equipment can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, Inter Sales A/S declares that the radio equipment type TSP-306NR is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [www.denver-electronics.com](http://www.denver-electronics.com) and then click the search ICON on topline of website. Write model number: TSP-306NR. Now enter product page, and RED directive is found under downloads/other downloads

Operating Frequency Range: 2402 ~ 2480 MHz

Max Output Power: 43 dBm
