

# Denver VR-21MK2

- Virtual reality glasses with support for smartphones from 4,7" to 6,5" - FOV: max 95°
- Adjustable focal & object distance
- Flexible velcrostrap to fit most persons
- Slide in your phone in the included adjustable holder and enjoy 3D VR video & games (please note, your smartphone needs gyroscope to have full support for 360° video)
- Slide away front cover to use phone camera while inserted into the glasses
- Opening in side so that you can insert earphones into phone
- Search Appstore/Google Playstore for VR, or use Youtube for VR videos (please notice, not all VR material are compatible)

## IMPOTANT INFORMATION

Only for +13 years of age. Younger children will not fit the headset + their eyesight are not fully developed

Please notice: Some people might experience motion sickness or headaches. In these cases make sure to stop using the VR glasses. Also make sure to take a break often. (10 minutes every hour) when using the VR glasses.

Also if you have experienced epileptic seizures, don't use the VR glasses, as there are fast flickering and moving pictures, which can trigger this.

And finally, please pay attention to your surroundings. It is easy to loose balance when watching VR video in the VR glasses.
